Transportation

Map mobile application for directions include Google Maps and gothere.sg/Citymapper

* MRT / BUS

- * All Credit Cards/Debit Cards/Apple-pay can be used on all MRT/Buses for travel.
- * The Sembawang MRT station is walking distance from Sembawang Naval Installation.
- * You must "hail" the public bus. Buses do not automatically stop at bus stops. When you see your bus number approaching, raise your arm to flag the bus.
- * Bus fare is usually between SG\$1.00 and SG\$2.00. You will not get change if you "overpay," so exact change is recommended. Check the map at the bus stop for the cost to travel to a specific stop. Best bet is to tap ON & OFF using Credit card/Paynow/Apple-pay.
- * If you have an EZ-Link MRT card/Paynow/enabled Credit card/Apple-pay, place your card on the pay box at the front of the bus. **Before you exit the bus, you MUST tap your card on the box again either at the front of the bus or rear exit door.**
- * To stop the bus, you will need to hit the "Stop" button prior to your stop. The "Stop" buttons are located on the window panes or the vertical hand rails at the end of the seats or on the aisle.

TAXI

- * Taxi stands are located at shopping malls, MRT stations, and hotels.
- * Taxis with green lights can also be hailed along the road.
- * Taxis can be booked by phone; **Comfort Cab 6552-1111** or **Stride Taxis, 6555-8888**
- * Taxi mobile applications include Grab, SMRT, ComfortDelGro, ZIG app, Gojek (similar to Uber).
- * Set your location/destination by address or by postal code. For example, the postal code for the Terror Club is 759657, or you can set pick up location as "1 Deptford Road taxi stand". If you're at Changi Naval Base, the pick up location is "Changi Naval Base taxi stop", which is outside of the base next to the Pass Office.
- * Booking fees are added to fares for taxis obtained by phone or app, as well as taxis that are hailed. No fee is applied when taxis are picked up at designated taxi stands.
- * There are additional fees for taxis after 1700.
